

FGMS Series Manual Pull Station

Product Overview

FGMS Manual Pull Station is a high quality non-toxic die-cast manual pull station. Low profile design and smooth edges offer an attractive yet functional design. All components are prepainted or have plated surfaces to inhibit corrosion. Electrically the FGMS Manual pull station is unbeatable with 10 Amp snap action switch offered in all possible contact arrangements (including gold contacts). The FGMS pull station can be used with or without a break glass rod with replacement requiring no special tools.

Features

- Lift and pull
